9. BOAT IDENTIFICATION

Each boat shall display its Section Pennant (provided at Pre-Race Sign-In) on its backstay from prior to its Pre-Start Check-In until after its Post-Finish Sign-In.

10. PRE-START CHECK-IN

- 10.1 **Boats in the Racing Divisions**, prior to entering the starting area, shall power to the east end of Navy Pier, then proceed approximately 1500 feet due east to the Race Committee Check-In Boat. Each boat shall then leave the Race Committee Check-In Boat to port while passing between the Race Committee Check-In Boat and an orange buoy while displaying its CMSR-compliant reflective sailboard on its port side and be acknowledged before proceeding through the Chicago Harbor Lighthouse Gap to the starting area. The Race Committee Check-In Boat will display code flag “L” and be on station from 0930 CDT to 1300 CDT. Check-In by radio is not permitted.
- 10.2 **Boats in the Cruising Division** shall come within hail of the Race Committee Boat located on the west end of the starting line. Leaving the Race Committee Boat to port, each boat shall Check-In by displaying its CMSR-compliant reflective sailboard on its port side and be verbally acknowledged. Check In by radio is not permitted.

11. STARTING PROCEDURES

- 11.1 The Starting Area is situated approximately 1.5 nautical miles east of the Monroe Inner Harbor entrance and approximately 0.5 nautical miles southeast of the south end of the Chicago Harbor Breakwater.
- Unless otherwise defined by green buoys, the Starting Area will be a rectangle in the middle of which is the starting line extended at both ends two hundred yards. The rectangle begins two hundred yards behind the course side of the starting line and its extensions and ends one hundred yards on the course side of the extended starting line.
- 11.2 Boats whose warning signal has not been displayed shall keep clear of the Starting Area and the Safety Zones which are defined as lines on the course side of the starting line extending from the Pin Boat and the Signal Boat at approximately 45 degree angles above and below a compass heading of 18 degrees true.
- 11.3 The Starting Line will be between a staff displaying an orange flag on the Race Committee Signal Boat at the starboard (eastern) end and a staff displaying an orange flag on a Race Committee boat at the port (western) end of the line.
- 11.4 Starting Sequence signals will be made in accordance with RRS 26 except that the warning signal for each Section will be ten (10) minutes before its start. This changes RRS 26.
- 11.5 The Race Committee may make radio broadcasts regarding the timing of signals displayed and other information relevant to the start of the Race over VHF Channel 78. Such broadcasts are provided as a courtesy to competitors and do not relieve them of their responsibility to observe the visual signals that indicate the actual timing of a starting sequence. Errors or omissions in a Race Committee courtesy broadcast are not grounds for redress under RRS 62.1(a). This changes RRS 62.1(a).
- 11.6 Boats that fail to properly start before the Race Committee leaves its starting line station shall be scored Did Not Start (DNS). Race Committee shall stay on its starting line station a minimum of five (5) minutes after the last Section’s starting signal each day.

12. RECALLS

- 12.1 Individual Recalls – A boat on the course side (OCS) at its start may be courtesy hailed by the race committee. If made, the hail will be on VHF 78 and/or by loud hailer or voice. Failure of the Race Committee to provide a courtesy hail, the timeliness of such a hail, or the failure of a boat to hear such a hail are not grounds for redress. Errors or omissions in a Race Committee courtesy broadcast are not grounds for redress under RRS 62.1(a). This changes RRS 62.1(a).
- 12.2 General Recalls - After a general recall has been signaled for a Section, the recalled Section or Sections will be re-started after all the other day’s scheduled Sections. The General Recall flag for a recalled Section will be removed without a sound one minute before the Preparatory Signal for the next start. This changes RRS 29.2 and Race Signals. The warning signal for the first Section to be recalled will be coincident with the starting signal of the day’s last scheduled Section. Any subsequently recalled Sections will be started in the same order that they were recalled.

13. COURSE AND MARKS

- 13.1 Start at Chicago to Finish at Mackinac Island.
- 13.2 Boats shall pass between Grays Reef Light (2018 LL No. 17775) and Grays Reef Passage Channel Lighted Buoy 7 (2018 LL No. 17780), except those passing west of Beaver Island.
- 13.3 Boats shall leave New Shoal Lighted Bell Buoy 3 (2018 LL No. 17745) to starboard.
- 13.4 Boats shall pass under one of the three center spans of the Mackinac Bridge.
- 13.5 Boats shall leave South Graham Shoal Buoy (2018 LL 12635) to port.

14. RADIO WATCH & CALL IN

- 14.1 Radio Watches in this section are in addition to the Federal requirements to continuously monitor VHF Channel 16.
- 14.2 Bridge Radio Watch: Boats shall maintain a radio watch from the time they pass under the Mackinac Bridge until they have completed their Post-Race inspection and/or received docking instructions. This watch shall monitor VHF Channel 78 until directed to another channel by the Race Committee.
- 14.3 Three Mile Call-In: When three nautical miles from the finish, boats shall transmit on high power with their 25 Watt Marine Radio to call the Race Committee on VHF Channel 78 and, after acknowledgment, report to the Race Committee their name, sail number and position. If there is no response from the Race Committee, boats shall repeat their call at approximately two-minute intervals.
- 14.4 If a boat is unable after repeated attempts to reach the Race Committee for any required radio call-in, the boat shall promptly contact another boat and request that the other boat pass on the required information to the Race Committee. The requesting boat shall log the date and time of the request and provide this information to the Race Committee at the Post-Finish Sign-In.
- 14.5 Wednesday Morning Call-In: Any boat which has not crossed the finish line by 0001 CDT Wednesday following the Start shall report to the Race Committee between 0001 CDT to 0200 CDT Wednesday following the Start with the boat's name, sail number, and Latitude/Longitude position by calling (906) 847-3303. If unable to reach the Race Committee by phone, boats shall text their information to CYC Regatta Manager at (312) 617-2279.

15. FINISH LINE

The Finish Line shall be between the southwest corner of the Round Island Lighthouse and an orange flag on a pole at the Race Committee finish trailer on Mackinac Island. Two vertical green lights and/or flashing strobe may be displayed night and day from the trailer to approximate the north end of the finishing line.

Two high intensity searchlights used by the Race Committee to identify boats and sail numbers may be flashed on and off. They are positioned to the west of the finish line and have no significance to the finishing boat. They are not to be considered as a signal as to the location of the finish line or that a boat has finished.

16. FINISHING PROCEDURES

- 16.1 Each boat shall display its CMSR-compliant reflective sailboard no less than 3 nautical miles from the finish line and the reflective sailboard shall remain on display until acknowledgment of finish is received. The reflective sailboard shall be secured to the boat's port side aft of the beam in such manner so its letters and/or numbers are clearly visible to the Race Committee on Mackinac Island.
- 16.2 Each boat shall record its own finishing time and the sail number and name of the boat finishing ahead and behind it, if these boats can be identified, on the Finish Report Card provided in the competitor's packet at Pre-Race Sign-In.
- 16.3 After finishing, boats shall immediately call the Race Committee on VHF Channel 78 to receive acknowledgement of their finish. Each boat shall be inspected unless specifically advised otherwise by the Race Committee.
- 16.4 After finishing, a boat shall not make landfall, discharge any crew, nor remove or take on board any item before the boat has either been inspected or specifically released from inspection by the Race Committee.

16.5 The Race Committee will be on station until 0800 CDT Wednesday following the start of the Race. Boats that finish after the Race Committee is no longer on station need not adhere to SI 16.3, 16.4 and 17 and, if planning to make landfall at Mackinac Island, shall make docking arrangements directly with the Michigan DNR Mackinac Island Harbormaster. Thereafter, affected boats shall text a legible photo of their Finish Card information to the CYC Staff Regatta Manager at (312) 617-2279 at the first reasonable opportunity. It is the responsibility of the Invited Competitor to confirm that the Race Committee has received all Finish Card information.

17. INSPECTION AND DOCKING PROCEDURES

17.1 After a boat has secured sails and other equipment and is prepared to dock, it shall switch to VHF Channel 72 and call Docking Control for instructions regarding inspection and docking. NOTE: During the docking process, docking officials may direct boats to switch from VHF Channel 72 to an alternate channel or channels.

17.2 A boat is subject to inspection until the boat has properly completed its post-Race registration.

17.3 Boats shall not dock or raft at any location without the express direction of Docking Control.

17.4 Boats shall race with sufficient and appropriately sized dock lines, spring lines and fenders appropriate for rafting with up to 10 other boats. Boats unable to comply with this regulation may be required by Docking Control to depart from all CYCMC-controlled docking locations.

17.5 The Race Committee may protest boats failing to comply with any inspection or docking procedures as set out in the Sailing Instructions. In addition, such failure to comply may result in the Invited Competitor not being invited to compete in future races.

In the event a boat is unable to comply with the primary return method, the Person-In-Charge shall be responsible for returning the device per the alternate return instructions received with the delivery of the unit.
